

Scotia Partners Portfolios®

Access a world of opportunities

With so many investment options out there, finding the right fit can feel overwhelming. Scotia Partners Portfolios make it simpler by connecting you to a wider range of money managers from around the world. Built to include a select mix of traditional fixed income and equities alongside alternative asset classes and strategies, each portfolio offers a single solution to help you reach your financial goals.

Resilient

Your portfolio unlocks the expertise of trusted money managers from Canada and around the world, all dedicated to growing and protecting your wealth.

Convenient

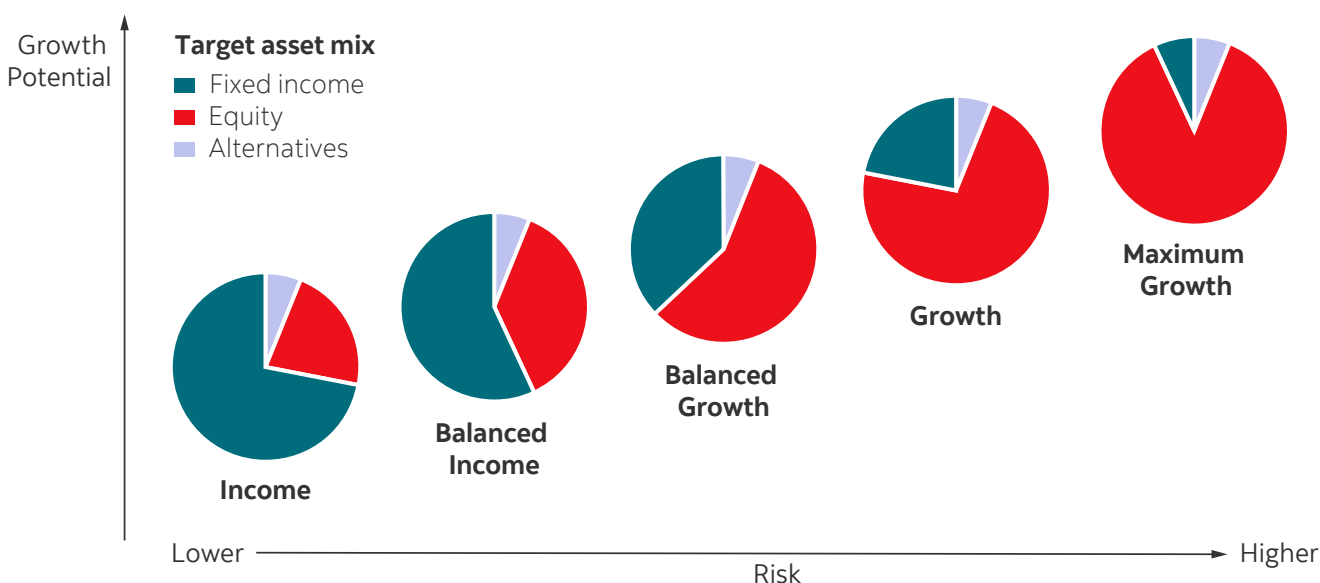

A single investment gives you access to a fully diversified portfolio—strategically designed with a blend of traditional fixed income, equities, and alternative asset classes.

Access

Tap into exclusive alternative investments, without any red tape, steep investment minimums, or unnecessary complexity.

Selecting the right portfolio for you

Choose from five professionally managed Scotia Partners Portfolios. Each portfolio brings together traditional and alternative asset classes along with the insights of leading global portfolio managers to help balance risk and reward. You can get started with just \$500 or set up automatic pre-authorized contributions from as low as \$25 a month¹. Connect with a Scotiabank Advisor for personalized advice—including guidance on monthly income options.

Target allocations are subject to change without prior notification.

ScotiaFunds®

Partnering with you for your success

Professional management

Our experienced Multi-Asset Management Team collaborates with leading global money managers and leverages the full resources of Scotia Global Asset Management.

Multi-level diversification

Your portfolio is thoughtfully diversified across a broad range of traditional and alternative asset classes, drawing on global investment expertise and a variety of strategies—all working together to balance risk and reward.

Ability to seize opportunities

Active monitoring means your portfolio's asset mix can adapt to changing markets—helping you manage volatility while pursuing growth opportunities.
